### LAUPAHOEHOE CANE LANDS.

Acting Governor Mott-Smith held a conference with E. H. Wodehouse yesterday morning regarding the proposed leasing of the Laupahoehoe lands, the lease of which expired a month ago. It is probable that the lease will be put up at auction at an upset rental of \$2.70 per acre for the 3132 acres.

Laupahoehoe plantation owns land on both sides of Waipunaui gulch. Cane from one side to the mill on the other has in the past been carried over by trolley. It is now desired to secure a license from the government for a flume across the gulch, and a right-of-way for the supporting trestle, so that in future the cane can be flumed across. The license for this purpose is wanted for the term of twenty years.

Another matter considered was the leasing of a tract of a 100 acres of cane land for which an upset rental of \$3.50 per acre is wanted.

## BAND CONCERT IN THE DARK

Something new in the way of a band concert will be given in an altogether new place this evening, that being music by the Hawaiian Band played in the dark at the little park at the corner of Wilder avenue and Punahou street. Heretofore the band has never played for a public concert in that neighborhood, while, so far as the records go, the bandmen have never been called upon to perform without being able to watch the kapellmeister's baton beating out the tune, nor without being able to have their music in reading view before them.

For some time, ever since the corner was converted into a park, the residents of that part of the city have been trying to arrange for visits from the band, pointing out that it was a good corner for open-air concerts, being the entrance to Manoa valley, at the entrance to the principal college of the city and across the road from a private hotel, the only drawback to the place being that it was not supplied with lights nor with a bandstand. These facts were laid before Chairman Hustace, of the Supervisors, who is also the chairman of the committee that directs the movements of the band, and he has given his consent to the appearance of the band at Punahou tonight. It is the hope of some of the residents of that section of the city to interest others and raise funds for the building of a rustic bandstand in the little park, if the permission of the Department of Public Works can be obtained.

Messrs. T. Kurosawa and C. Mizukami and T. Tanino and Dr. T. Kurosawa, prominent in public affairs in Japan, are en route to the States and London.

## REHEARSAL INSTEAD OF PERFORMANCE

Last night was the date originally set for "The Mascot," but owing to the unavoidable postponement of that opera the date was celebrated by holding a rehearsal.

This rehearsal only proved in what excellent shape "The Mascot" really is, and it is a pity that last night could not have been the opening.

The postponement seems to have added fresh determination in all concerned to make "The Mascot" a success, and all have once more settled down to the steady application so necessary to final success.

The manner in which the "Kunai" have shouldered the extra worry and expense of the postponement reflects the greatest credit upon that club, but they evidently believe that the harder the battle the greater the victory, and from the way all looks at present the victory of "The Mascot" will certainly be a great one indeed.
